Most all the aspirants for office in Wolfe county attended County court here on the 6th. All seemed to be in good cheer and it looks like there may be some pretty lively races in Wolfe this fall, judging from the good humor of opposing candidates.

In a fight at Natural Bridge Saturday, in which Deputy Sheriff Spencer, of this county, and Harlan and Will Brewer, also of this county, participated, Spencer shot Harlan Brewer in the leg, breaking the thigh bone. It is also reported that Spencer was cut several times by Will Brewer, who had a knife in his hand. Harlan Brewer was brought to town yesterday and is now at the home of his brother, Tom Brewer, under treatment of Drs. Carroll and Kash.

John Chambers, of Stillwater, is being tried before Hon. S. F. Allen today charged with having tried to poison the family of Joe Whisman on the Landsaw fork of Stillwater. The witnesses for the commonwealth charge that he was pouring, or about to pour, rough on rats into the spring from which the Whisman family carried their drinking water when seen by Mrs. Whisman. A number of the people of the Landsaw neighborhood are in town, either as witnesses or as friends of the defendant.

\$100 REWARD! \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. ONEY. We are authorized to announce H. E. Oney, of Hazel Green, as a candidate for County Superintendent of Schools, subject to the action of the Democratic primary.

The outlook for Democratic success this year is very gratifying, and if the party will take the advice given by Col. John R. Allen, of Lexington, there can be no question as to the success of the ticket. William Jennings Bryan, of Nebraska, will undoubtedly be the national standard bearer, and if the second man be in accord with him, the policy he advocates and the platform adopted at Denver, Democracy will triumph. But, as stated in the beginning of this article, all members of the party must lay down their preferences, prejudices, etc., and determine to win. They must recognize the fact that the party is greater than the individual, which is the sum and substance of Col. Allen's advice. If they do this and leap from the lethargy that has in late years handicapped the rank and file, victory is assured. In this connection, why not make John R. Allen, of Lexington, Mr. Bryan's running mate? He has all the qualifications requisite to the position. He has the courage of his convictions, and if nominated

would come more nearly uniting the party than any man who could be named. The suggestion is worthy consideration and we hope Democrats composing the Kentucky delegation at least will consider it well.

OLLIE JAMES has been favorably mentioned as a running mate for Mr. Bryan on the national ticket, and his friends will possibly push his claims at the Denver convention. But in our humble opinion Col. John R. Allen, of Lexington, would be a more appropriate associate. While he has never been in congress, he has been in the limelight of politics in this state longer than Mr. James, and his recent utterances at the state convention so struck the people of the nation that he would be a strong man for second place. Bryan and Allen should be the ticket.

Godsey for Congress.

Wolfe county is enthusiastic for our fellow-townsmen, Henry L. Godsey, for the nomination for congress in the Tenth district, and a strong delegation will be sent to the convention at Irvine, July 15, to urge his nomination. It is confidently predicted here among the masses of the people that if he is the choice of convention he will carry the district by the largest majority given any candidate since the election of the gifted Pres. Taulbee. Mr. Godsey has been in no way entangled in any factional fight during the past and will undoubtedly unite the party if nominated. He ranks high as an orator and is thoroughly familiar with public affairs, and on the floor of the House would uphold Kentucky's reputation for its brilliant orators. If elected, no one would strive more earnestly to do his full duty conscientiously for the advancement and welfare of the Tenth district. His personal record is clean; his family is one of extensive relationship and influence throughout the district. For several years Mr. Godsey has filled a position of honor and trust in Washington and has been in close touch with that body (congress) in which his people are now so earnestly insisting that he become a member thereof, believing as they do his qualifications and experience guarantee to them a public servant who will discharge to the fullest his duty. With pardonable pride we present to the Democracy of the district, when assembled at Irvine, the name of our honored citizen, Henry L. Godsey, for their consideration, and bespeak for them victory in the event of his nomination.

I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back and all run down conditions. Best too for chills and malaria. Henry L. Godsey and wife left Friday for Washington, D.C., where Henry will resume his duties as stamp clerk in the revenue department.

Misses Katherine Cecil and Ora Campbell spent Saturday night with Miss Mabel May and attended church at Salem, Sunday, with Bruce May as escort.

D. C. Miller, Jr., and wife, of Campton, accompanied by their little daughter Jewel and the baby, were the guests of Mrs. Miller's parents, O. W. Cecil and wife, this week.

John Loyelace and wife, of Frozen creek, accompanied by Clarence Lawson, visited their daughter, Mrs. Tom Haddix, at Uncle Harry Swango's place, part of this week.

The statement of the condition of the Farmers and Traders Bank of Campton came in too late to be published in this issue of THE HERALD, but will appear in our next issue.

Elsewhere in this paper will be found the statement of the Hazel Green Bank, and after a careful perusal of the same it will be seen that the institution is in a healthy condition.

W. B. Hall, pastor of the M. E. church at Washington, in Mason county, but who is now at Swango Springs for rest and health, will preach at the M. E. church at this place next Sunday morning.

George Dyer wants to sell his mare. She is a good work animal and a fine saddle, about ten years old and in fine shape. George says she is well worth \$75 of any man's money, but he will take less.

Henry Gillaspie, Fommie Lee and others attended the Haag Shows at Ezel Monday. Apropos, Miss Stella Manker, who attended the same show at West Liberty Saturday, says the largest crowd ever assembled in West Liberty attended there.

Death of Mrs. E. L. Ford.

Friends of the Christian Woman's Board of Missions all over the country, the State Board, and more especially the friends of Hazel Green Academy, will regret to hear that Mrs. E. L. Ford, of Detroit, Mich., is dead. She, it will be remembered, in connection with her two daughters, donated the \$10,000 for the Industrial building in connection with our academy, and though in ill health her hope and ambition was to see it in effective operation. She died June 28, and Bro. Derthick, who is at Mantua, O., was summoned to assist in the funeral services. In a private letter he states that she was a woman of rare qualities, devoted alike to her family and her God, her faith being simple and steadfast. She was a great friend of Hazel Green Academy and had she lived would have helped us in many ways.

In Memory of Annie May Patrick.

On June 18, 1908, she passed to that great beyond whence no traveler ever returns. She was two and one-half years old and sick only a few days when she responded to the call and fell asleep to wake no more. Oh, we wonder why one so young, so pure and so dear to us was not spared a little longer. Yet God be praised for the promise where Jesus said, "Suffer little children to come unto me and forbid them not for of such is the kingdom of God," so we know its spirit to God hath gone and left our home so lonely. Its gleeful laugh and pretty tongue we may hear on earth no more. We hope to meet it in a better world when our time is ended here.

We want our many friends who aided us in our time of trouble to know that we are grateful to them for their kindness during the sickness and death of our little darling. It matters not where we may chance to wander their kindness shall never be forgotten.

Hallick and Mollie Patrick.

Says Advertising Pays.

Arch Childers, the well known well driller of Ezel, says that he can vouch for the fact that advertising pays. Only a few weeks ago he put a small ad in THE HERALD and before another issue he had received an order to drill a well for a man at Lee City. The one job thus secured, and which he would not have got otherwise, perhaps, more than paid for the ad and still left him a nice profit for his labor. If he secured one job in one week, it is reasonable to believe that he will get one per month at least, and all of them probably because of the ad, for everybody in this section knows Arch, and very many know that he is a well driller. But the ad reminds them of their wants. See?

Miller Family Reunion.

A kind of impromptu reunion of the Miller family took place at the residence of D. C. Miller, Jr., and wife, of Campton, Saturday last. The following persons were present and partook of the dinner prepared by Mrs. Nannie Miller, viz: Mrs. D. C. Miller, of Lane; R. G. Cable and family; R. R. Miller and family; J. E. Childers and family and I. S. Miller and family. The 28 composing the party were the sons and daughters of D. C. Miller, Sr., and wife, of Lane, with their wives and husbands and progeny, Mrs. Miller, Sr., being one of the participants. It was an enjoyable day for all.

John Robinson's Big Circus

will exhibit at Mt. Sterling July 16. Indications are that a large crowd will attend from here. Very low excursion rates will be in effect on all railroads.

The show under the management of John Robinson is enjoying its eighty-seventh year of prosperity, and is one of the foremost amusement attractions of America, if not of the world.

It numbers among its arenic favorites some of the most expensive and best acts that money can procure. The Capt. French troupe of American cavalymen, in expert feats of daring and original horsemanship; James Dutton & Co. (three in number) Europe's greatest riders, and twenty equestrian associates; forty joyous subjects of King Momus in a gleeful sufficiency, and more than a hundred other foreign and American features in three rings and an elevated stage, and introducing Monster Herd of Trained Elephants, Big Realistic Wild West, School of Wonderful Trained Menage Horses, Great Musical Ballet, and 300 daring Gymnasts, Nimble Acrobats, and talented aerialists.

The Robinson show has always been famed for its menagerie, and this season finds the zoological annex the most complete ever carried by a tented show, comprising costly and rare animals from every section of the globe. This splendid array of animal talent will be seen in the big daily street parade, pronounced by all as the most gorgeous and elaborate pageant of modern times, comprising more than a mile of gold encased wagons, chariots and 500 of the finest horses. This is the only big show that is not in the circus trust and no advance in the prices will be made.

At Mt. Sterling, July 16.

Wanted—A School Teacher.

While perusing the contents of the current issue of The American Home Missionary, published by the American Christian Missionary Society at Cincinnati, we came across an item which may interest one of our academy young men and perhaps be the stepping-stone to great renown. Here is the item. "A young man is wanted as an assistant teacher in Amory, Miss. A salary of \$75 a month is promised. A member of the Christian church is preferred. Write to J. R. Bryan."

Mat Marriage Mixup Again.

The Lexington Herald Monday reproduced the article about "A Matrimonial Mixup," which originated and appeared in this paper about a month ago, and credits it to the Beattyville Enterprise, and that paper gave no credit but just filched it. And all those papers reproduced it without ever discovering and making note of the fact that Mrs. Elkins was thrice her own sister-in-law, a condition of the case that was overlooked in putting our article in type.

Where They Teach.

As announced in last week's paper Mollie Coldiron will teach the Amxy school and Calloway Sebastian the public school at Daysboro. Other students of the academy who will teach are: Joseph Estep, at the Murphy school house; John H. Williams, at Jones creek; E. H. Testerman, at Bethel Chapel; Walter Henry, at Henry, and Sue Long, at Salem.

It not, then make up your mind and write me for descriptive list of farms in Missouri, Kansas and Oklahoma. All fine, level, productive land that will grow anything under the sun, at prices ranging from \$15 to \$40 an acre, and come where life is made tolerable by easy, profitable farming. Why sweat and fret life away in the vain effort to eke out a mere miserable sustenance from the rock-ribbed, root-laced hillsides as your father and father's father did, when there is so much good land to be had yet awhile for a mere song? Get out of the rut—break away from the time-worn habit that keeps your nose to the grindstone. All it takes is resolution and a little nerve. Write me, and let me help you to a better condition.

Do you want to get rid of it? If so, take Dr. Miles Nervine modified as directed in pamphlet around bottle. In addition to the direct curative properties it has a soothing effect upon the nervous system by which the rheumatic pains are controlled, and rest and sleep assured. If your case is complicated, write us for advice, it costs you nothing and may save you prolonged suffering.

"I was so crippled that I could scarcely walk. After having my shoes on for an hour or two I could manage to walk by suffering the pain. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I read about Dr. Miles Nervine, bought a bottle and I commenced to get better from the start and for the past six months have scarcely any pain, and am able to walk as well as ever."

Imprisoned by Snow.

One of the most remarkable instances of hardship inflicted by snow on a whole population comes from the Perpignan region of France. Around about the mountain village of Hospitalet, in the Ariège department and in the village itself, snow lies to a depth of more than eighteen feet, says the London Globe. Avalanches are falling, and more are feared. The place is cut off for the present, and cattle perish in their stalls. The inhabitants are, of course, virtually prisoners in their own houses, which they only leave under the imperative necessity of getting water. To reach the village well they have to get out through their upper windows, and they have a tunnel cut under the snow to the well.

The "Line of Ones."

The Hampton-in-Arden to Whitacre branch of the Midland railway is one of the most remarkable railways in the country. The time table of the line occupies less space in Bradshaw than would a penny postage stamp. The line is known locally as the "Line of Ones," as there is only one train a day, one engine and one coach. There are also one season ticket holder, one station en route and one station official. Sometimes there is only one passenger in the train, and hardly ever are there more than three. Colleshill, the intermediate station, has the distinction of issuing fewer tickets than any other station in the kingdom.—London Mail.

Foie Gras.

A good deal of prejudice exists in this country against foie gras owing to a notion that the stuff is made of diseased livers, but the French farmers affirm that the liver is not diseased. It is enlarged, to be sure, and doubtless the goose would die of it if not killed at the right time, but if put to death at the psychological moment its liver is fresh and sweet. It may be fried, of course, or otherwise cooked, but its principal purpose is to become the chief ingredient in the celebrated article of commerce known as pate de foie gras.—American Farmer.

A Mighty Steamboat.

The trains of the Transsiberian railway are ferried across Lake Baikal on a steamboat which, it is said, possesses the most powerful engines employed in any vessel afloat. They are of 45,000 horsepower, and a large share of their immense energy is required to break a way for the boat through the thick ice which covers the lake in winter. The engines of the great German boat Kaiser Wilhelm der Grosse are of only 28,000 horsepower.

The Presbyterians.

There have been more presidents of the Presbyterian faith than of any other. Andrew Jackson was received into the church when an old man. William Henry Harrison, Franklin Pierce, James Buchanan, Abraham Lincoln, Andrew Johnson, Grover Cleveland and Benjamin Harrison were all Presbyterians, while President Roosevelt is a member of its branch, the Dutch Reformed church.

KENTUCKY KERNELS

**Carefully Collated and Concisely
Chronicle.**

The postoffice at Keywest, in Kenton county, was robbed one night recently of \$40 in stamps and \$10 in money.

Flora Norris, aged 10 years, was killed by lightning while standing under a tree during a thunderstorm in Bath county last week.

Mrs. Mary M. Winchester, one of the pioneer women of the state, died at her home near Louisville last week. She was born in 1825.

Caleb Powers, recently pardoned by Governor Willson, will make a lecture tour through Central Illinois, beginning at Hoopston in a few weeks.

W. B. Ryder, aged 73 years, one of Maysville's oldest business men and a high degree Odd Fellow of 43 years' standing, died suddenly last week.

William Seibert, aged 14 years, while repairing the roof of his father's house near Newport, slipped and fell to the ground, a distance of 25 feet, breaking his back.

Lightning struck and killed a fine brood mare belonging to Ed Allen, of Montgomery county. The mare was the dam of Bourbon Chief, Jr., and was valued at \$1,000.

During a heavy rain, hail and electrical storm last week, a large barn of A. L. Tipton, near Camargo, was blown down, a fine brood mare, four export steers and other stock killed by lightning.

Henry Porter filed a singular suit for damages against Henry Lytle at Lexington last week. He alleges that Lytle put him out of the grocery business by breaking into his store and removing nearly all of the stock. Porter asks for \$1,000 damages.

A conference on "Better Highways Throughout the State of Kentucky" was held at Eminence last week and a State Good Roads Association was formed. Come up this way, gentlemen, and investigate our mountain roads during the winter and spring.

In a bulletin to the County School Superintendents, State Superintendent Crabbe says that the old trustees will arrange for the opening of the schools and the selection of teachers for this year, but that the old trustees must vacate their office 30 days after the new board is elected, which will be August 31.

While returning home to Mt. Sterling from Oil Springs, one evening recently, John McDonald and Misses Rosa and Fannie Wilson had a narrow escape from drowning. A heavy rain had caused a sudden rise in a branch and Mr. McDonald drove into the rushing waters before he realized it. The occupants of the buggy and the horse were saved with difficulty, and the buggy was recovered in a badly damaged condition after the flood subsided.

The managers of the Kentucky State Fair, to be held at Louisville during the week beginning Monday, September 14, have set apart special days and nights as follows: Monday, September 14, Governor's and School Children's Day; Tuesday, September 15, Erasmian and College day, German-American night; Wednesday, September 16, Southern Indiana day, Labor night; Thursday, September 17, Kentucky and Press day, Military night; Friday, September 18, Irish-American night. The last day, Saturday, is Everybody's day and Farewell night.

At the end of the fiscal year, June 30, there remained in the state treasury at Frankfort only \$133,370.60 and \$150,000 of warrants outstanding. Governor Willson and Treasurer Ed Early held a conference, and while they admitted the situation looked serious they took no steps to remedy the situation. A table showing the amount in the treasury each year for the last four gives the shrinkage as follows: July 1, 1905, \$437,348.16; July 1, 1906, \$323,049.63; July 1, 1907, \$292,242.90; July 1, 1908, \$133,370.60. The expenses of the fiscal year just ended were not as great as they will be this year, because of appropriations by the last General Assembly.

As the result of a fight over a bottle

of beer on an L. & E. train, near Clay City, last Saturday evening, three men are lying in a critical condition at the Good Samaritan hospital in Lexington. The fight was between Gardner Nelson, of Winchester, who was stabbed and cut about the head and chest by Rees (Jack) Horton, the knife penetrating the skull, and Floyd Horton, of Pilot View, Clark county, father of Jack Horton, who was shot in the right lung and chin. Millard Dennis, of Winchester, a passenger on the train not interested in the fight, was shot in the neck, the bullet entering just where the neck and shoulders join, below the Adams apple. Jack Horton left the train at Winchester and escaped.

\$25 in Free Presents.

The Wolfe County Democratic Primary Election to select candidates for the various county offices will be held in the summer some time, and THE HERALD avails of the occasion to increase its subscription list and at the same time give its subscribers \$25.00 in useful articles, such as watches and chains, razors, combination handy tool holder, &c.

This is in no sense a lottery but an educational problem, in which each new subscriber, and each old one who pays up and renews, will have the opportunity to exercise his brain in estimating the vote to be polled at the coming Democratic Primary Election.

The price of THE HERALD is \$1.00 a year, in advance, and every subscriber is entitled to one estimate. Old subscribers who pay up arrearages and one year in advance are also entitled to one estimate. The one who sends in the closest estimate will receive a gold plated watch and chain; next nearest gold plated watch and aluminum fob, next a fine razor, &c. Use the estimate coupon attached. Write your name plainly and make figures of estimate very distinct. Then enclose \$1.00 with the coupon and mail to this office. These coupons will be filed and the day after the election a disinterested committee will take charge of them and determine who is entitled to the presents.

The Presents That Will Be Awarded.

The person making the nearest estimate will receive a gold-plated American watch, good time piece, and plated chain, \$10.00
The person making the second closest estimate will receive American watch, good time piece, and aluminum fob, 6.50
The person making the third closest estimate will receive an American made razor, as good as any ever produced, 2.50
The person making the fourth nearest estimate of the vote at the primary will receive the same kind of razor, 2.50
The person making the fifth nearest estimate of the total vote at the primary gets a razor of the same kind, 2.50
The person making the sixth nearest estimate to the total vote cast will receive a combination pocket tool case, 1.00

BASED UPON WHICH TO MAKE ESTIMATE.

The total Democratic vote polled in the Congressional election of 1906 was 879, and in the Governor's election of 1907 Mr. Hager received a total of 890 votes.
